Food Village

YOUR NEW LUNCH SERVICE

We are delighted to welcome

St. Aloysius School

Food Village chefs prepare all meal orders, & our in school team heats these meals onsite, ensuring they're served at the perfect temp. Food Village school lunch service brings a much-needed flexibility & choice to school meals, aiming to transform the school dining experience.

MENU

Over 200 meals, snacks & drinks to choose from.

Enjoy hot meals at school. Prepared fresh by our chefs.
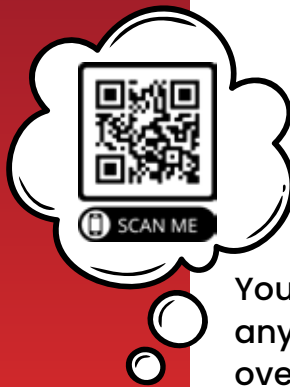

PASTA MEALS

ROAST DINNERS

HOT BAGUE...

HOW DOES THE NEW LUNCH SERVICE WORK?

You can pre-order Food Village meals for any number of days—daily or weekly. With over 200 menu items, set your pre-orders through the app dashboard. Choose your break, select items from meals, snacks, & drinks. Orders are charged from the wallet within your app at midnight the day before delivery. All pre-orders must be placed at least one day in advance. Instant purchase is available for same day orders.

ONBOARDING DAY INFO

Download on the **App Store**

Available on the **Google Play**

Dear Parents/Guardians,

We understand that the new Food Village school lunch service at your school may feel a bit overwhelming. However, there is no need to worry! Each year group will participate in a comprehensive onboarding seminar before the new school lunch service begins.

What will happen at the onboarding day:

#1 App Ordering: We will guide students step bystep on how to order meals using the Food Village app.

#2 Phone Requirement: Please ensure your child/student **brings their phones to school** on this onboarding day, you will need to have the mobile app already downloaded and a student account registered using the unique school code.

#3 Meal Collection: Students will learn how to order and collect their meals efficiently.

#4 Parental Linking: We will show all students how to send a link to their parents, allowing parents/guardians to be added to the account.

#5 Key Tags: We will ensure students add their collection key tags to their account. By the end of this seminar, students will be well prepared to use the Food Village service confidently.

All students receive a collection key tag at the onboarding day.
